This offer, launched today, is in line with Crédit Agricole Group's strategy and in particular with its motto "Working every day in the interest of our customers and society".

For €2 per month, the "Globe Trotter" offer includes:

- ✓ An international MasterCard instant debit card
- ✓ The insurance and customer assistance offers linked to the card
- ✓ **Unlimited free withdrawals** from ATM machines around the world
- ✓ **Unlimited free payments** anywhere in the world
- ✓ **Unlimited free transfers** to or from anywhere in the world

And access to Crédit Agricole's advisors and all the products and services available in branches and online.

The "Globe Trotter" offer is available in branches and online (<https://globetrotter-by-ca.fr>) and gives customers access to the My Bank and My Card apps. It also allows them to make payments via Apple Pay, Samsung Pay and Paylib.

Following its EKO offer, "Globe Trotter" is Crédit Agricole's latest step in adapting its everyday banking offer to customers' new modes of consumption.
