## **CACEIS hosts Clarity AI on its Connect Store**

CACEIS, a leading European asset servicing group, and Clarity AI, a cutting-edge sustainability technology platform, have announced a partnership that offers CACEIS' institutional clients a comprehensive range of ESG, Impact and Climate risk solutions, along with regulatory compliance services.

Clarity AI is available through the CACEIS Connect Store, which offers fully-integrated plug&play access to a growing range of market-leading third-party digital services, via partnerships with companies pre-selected for their expertise.

Clarity AI analyses more than 50,000 companies and 300,000 funds, 198 countries and 188 local governments using machine learning and big data to deliver insights on sustainability. Clarity AI provides direct access to a broad universe of high quality ESG, climate, and impact data as well as compliance with ESG regulations solutions for SFDR, EU Taxonomy, EET, and TCFD reporting requirements.

Daniel Gonzalez, Head of Distribution Platforms at Clarity AI, commented: *"We are very excited to partner with CACEIS to further our mission of bringing societal impact to markets. Through our capabilities, powered by advanced technology like machine learning, users can confidently assess, analyse and report on anything valuable for them and their clients and everything required by regulators, related to sustainability."*

Arnaud Misset, Chief Digital Officer of CACEIS added: *"Clarity AI is the latest addition to CACEIS' Connect Store, a digital service that keeps our clients at the forefront of innovation by leveraging the strength and scale of a diverse ecosystem of start-ups, fintechs, cloud and data suppliers. Together, CACEIS and Clarity AI provide clients with a convenient and effective way to manage all their commitments and objectives relating to sustainability, resulting in a faster time-to-value for their business and investors, while completely avoiding the need for any IT integration project."*
